

Qualsafe Level 2 Award in Working at Height (RQF)

Overview of the Course

This regulated and nationally recognised qualification has been specifically designed to increase awareness of safety considerations whilst working at height, including the importance of the equipment used and how to ensure a safe working environment. The Qualsafe Level 2 Award in Working at Height (RQF) is ideal for those who work or are aspiring to work in any type of environment that may require them to work at height, such as: construction, agriculture, forestry, factories and warehouses.
