

Highfield Level 3 Certificate Health and Safety in the Workplace (RQF)

Overview of the Course

The objective of the qualification is to support a role in the workplace and is intended for learners already working in the capacity of supervisor, manager, team leaders or those who are preparing to start work at this level and gives them the knowledge of health and safety. The qualification provides learners with an understanding of: the requirements of health, safety and welfare; the benefits of a health and safety management system; the risks and control methods for common workplace hazards; the principles of risk assessment and incident investigation.
